Subject: May 21 meeting, Mayor Pulido settlement

Commissioners:

On May 21, you will meet to consider a settlement with Mayor Pulido of my city fining him \$13,000.

Please consider the implications of this decision.

It would send a strong message that city council votes are for sale in Santa Ana.

Mr. Pulido is credibly alleged to have made an approximately \$200,000 profit, in exchange for voting as he was paid to do. Understandably, he greatly delayed reporting this transaction to you.

This decision would encourage Mr. Pulido (as it would any rational person) to continue this behavior. If I had to pay \$13,000 to make \$200,000, I would be happy to do so.

Regards,
