Dear Ms. Linker

Could you please include the attached photographs with the letter I sent to go to the Commissioners who will be hearing FPPC Case #16/284, regarding the Eric Lucan closure letter, on May 17, 2018 at 10am.

I am attaching some photographs of the SMART train, the Downtown SMART station platform, the Depot, the San Marin Atherton Platform and an interior of the SMART train, to help the Commissioners visualize the differences between SMART and Amtrak and Cal Train. SMART is envisioned as a high end commuter rail used for recreation and entertainment on the weekends. It is expected to increase the value of housing and property within a 1/4 to 1/2 mile radius as well as provide bonuses for TOD.

Thank you.
