Fair Political Practices Commission

New Advertisement Disclaimer Rules 2018

<http://www.fppc.ca.gov/learn/campaign-rules/campaign-advertising-requirements-restrictions.html>

The FPPC has launched a new **pro-active campaign advertising compliance program** to quickly and effectively address possible violations of the Political Reform Act as it relates to mailers, doorhangers, signs, and electronic advertisements. You can now anonymously submit any form of political campaign advertising that you believe may not comply with the law. Simply upload a copy of the materials, or just take a picture of the ad on your cell phone and send it to us. The Enforcement Division will review submitted advertisements for compliance and pursue any potential violations.

We look forward to engaging the public in our ongoing mission of seeking compliance with the campaign advertisement requirements under the Act.

If you see an ad without proper disclaimer

Report it to FPPC-AdWATCH
