

6. Adoption of Proposed Regulations Related to Behested Payment Reporting.

Staff: Karen Harrison, Senior Commission Counsel. Staff presents proposed Regulation 18424 to require an official to include a brief description in a behested payment report of certain relationships concerning the official and a behested payment payee or payor, to the extent this information is known by the official; proposed Regulation 18424.1, to allow an official to file a behested payment report with a good faith estimate of a payment amount or a payment date under certain conditions; proposed Regulation 18424.2 (repealing and recasting Regulation 18215.3) to address when payments in response to a charitable fundraising solicitation in which an official appears will result in behested payment reporting duties; and proposed Regulation 18424.3 to clarify reporting duties when a behested payment is made by a sponsoring organization from a donor advised fund. The proposed regulations 18424, 18424.1 and 18424.2 were presented for prenotice discussion and direction by the Commission at the July 2021 meeting. Proposed Regulation 18424.3 was presented for prenotice discussion at the August 2021 meeting. These regulations are now presented for adoption by the Commission.

Seriously, can everyone please just mute their phones? We can't hear anything. Is someone driving with the phone out the window or something?
