Subject: Comment for 10/19/23 meeting

EXTERNAL EMAIL

Re 10/19/23 meeting agenda item #5, I have the following comment:

“As an attorney who regularly represents candidates and committees, I request you delay the effective date of the amended Regulation 18410 until and unless redaction of sensitive financial information is statutorily required on the Form 410. Without such a safeguard, unscrupulous people will have needless access to information that can then be used to harm innocent people and entities.”

Thank you for bringing this comment to the attention of the Committee, and preserving it for the record.
