Subject: Request Delay in Implementation of Regulation 19410

EXTERNAL EMAIL

Commissioners,

We request that the Commission delay its implementation of the requirement to publicly report the names of persons authorized to obtain banking information for each political committee filing Form 410.

This is an issue of privacy. In the Legislative Session recently conclude SB 888, which would have required the Secretary of State to redact this private information did not pass the Legislature, nor was it signed by the Governor.

Please pause implementation of Regulation 18410 until redaction is statutorily required.

Kirk Alan Pessner
