In the Matter of California Republican Leadership Fund; FPPC No. 13/409.** Staff: Assistant Chief of Enforcement Dave Bainbridge, Special Investigator Paul Rasey, and Program Specialist Luz Bonetti. The California Republican Leadership Fund, a general purpose committee, caused six county central committees to make contributions in their names without identifying the California Republican Leadership Fund as the true source of the contributions, in violation of Government Code Section 83116.5 (6 counts). **Total Proposed Penalty: \$30,000.**

Commissioner Wasserman asked how future respondents can avoid being in violation even after seeking advice from the Commission in this kind of scenario.

Chief of Enforcement Galena West said this is a great example of how all the divisions work together. Chief West said that when Legal writes an advice letter, they write it based on the facts as they are presented at the time. If the situation changes or the facts are different from how they were presented to them or the requester goes beyond those facts, they should know that they are not covered by advice that is provided. Legal advice letters are very specific on this point. This gives people clarity that you request advice based on the facts that you want to act upon and then you will have the immunity from the advice letter function.
