Dear Ms. Hackert,

I hope this email finds you well. I am writing to provide comments and feedback regarding the proposed updates to Form 700 and related documents, which the Commission will consider at its November 21, 2024, meeting.

While I appreciate the updates to align with recent legislation, including AB 1170, I have concerns regarding the mandatory transition to electronic filing for certain filers starting January 1, 2025. Specifically, I would like to raise the issue that many filers currently use certified e-filing systems, such as Granicus' DisclosureDocs or Netfile, which were previously acceptable to the FPPC. The mandatory transition could pose challenges for those filers accustomed to these systems, and I would encourage the FPPC to consider exceptions or alternatives to minimize potential disruptions.

Thank you for the opportunity to provide input on these important changes. Should you have any questions or require further clarification, please feel free to reach out.

Best regards,
